Exploring Program: Presentation by Andy Pierce
A co-ed division of the Boy Scouts, the Explorer program was created to forge a dynamic relationship between youth ages 14 - 20 and a community organization, in this instance the Town Theatre, which helps youth develop career skills that better the organization they serve. Local explorer opportunities include learning about architecture, engineering, volunteer management, public relations, marketing, community engagement, filmmaking, history, archiving and entertainment. Extended discussion was held regarding this opportunity for the theatre and Mr. Pierce noted a few advantages of this program including 1) leaders are provided by the Explorer Program, 2) leaders are trained and insured and 3) youth can be involved in this project from the ground up for an annual fee of $40.00. The commitment from the board includes two members of the board, one male and one female, to serve as advisors and provide goals to the project(s). Bruce Leep made a motion to move forward with this program and Michael Maloney seconded the same. Motion carried by unanimous voice vote. The Town Theatre Board is welcoming the founding of a dedicated Explorer post as a vital asset for the project and a learning opportunity for the youth.
