4-6

Where do I even start? Downtown Highland has many things I love. The events, shops, people, and others make Highland so great!

Something I love about downtown is the shops and businesses. I like walking to sip with my mom and getting a cold or hot drink. I also like the Promise You Art House. It's great to see local art and see what others make.

I also like the events that happens at Main Square. One of my favorite events is the 4th of July festival. There are so many fun, crazy rides and games.

There is much to do in Highland but I wish there was more to Main Square. I really enjoy the park but I wish there was maybe a volleyball net, Gaga ball pit or maybe a basketball court. It would be nice to have more things to do at Main Square, but I do appreciate the green space for flying a kite or a dance recital!

I really love downtown Highland! It's where I've grown up and it's my home. There are so many things I didn't write about, but I really love everything and I'm glad I could write a little about my town!
